There is an internal charge of \$125.00 per return to cover the cost of the software to prepare returns. There were 3 returns, so the computer charges were \$375.00. There was also a \$12.55 mailing charge that I missed when mailing the information to you.

Jack,

The application to pay you was filed in the above case. The Court is asking for more clarification on the computer and mailing charges. Could you elaborate on what that entails?

Thank you,
